

## **June 2022 Newsletter**

***We have carts for our golfers but they are limited (2), so if you need one, call us early so we can reserve it for you . . .***

### ***Do you think you may want to use a cart???***

At present, we have two electric carts for our golfers, but some days they are taken early, so if you think you need or want one, it's best to call the Pro Shop early – actually, calling a day or two before is a good idea – at 707-284-3520.

With a limited number of carts – we do hope to add one or two in the future – we prefer carts to be used by those with a real need for a cart, such as those with medical conditions that are eased by being able to use an electric cart.

However, if a cart is available and nobody has called to make a reservation, check with us to see what we can do for you. Even though our course is easy to walk, we realize using a cart can sometimes speed up your round, if that's your goal. So don't hesitate to call the Pro Shop and we can see what we can work out for you.

**The  
2022  
Sonoma  
County  
Fair is  
set to  
run from  
Aug.4-14**

## ***Fair will be open, but not the golf course . . .***

This year's Sonoma County Fair – "Tropical Fairadise" – is scheduled Thursday, Aug. 4, through Sunday, Aug. 14.

We are still ironing out the details as far as which days we will shut down golfing operations and which day we will resume, but that information will be available soon.

But while the golf course and driving range will be closed, our maintenance crew, led by **Jason Cavanaugh**, will be busy working on various things, including bunkers, tees and greens and a number of other projects.

Golf courses, like most of us, can use a rest on occasion, and being closed to accommodate the Fair is a good thing for the grass and the course in general.

While 18-hole courses have the ability to close down 9 holes periodically to work on the other 9, we don't have that luxury, so Jason will take advantage of the break to make the course, already in outstanding shape, even better. Many of you have remarked how good the course is maintained, and we appreciate those comments. So we look forward to re-opening and showing you what we've done for our golfers.
